**LOT 50 - 2002 Ford F-150 XL Regular Cab Pickup**

**Description**

4.2L V6, 4x4, 8' bed, 5 spd manual trans, 26xxx miles, manual windows & door locks, sells with bed topper, NEW battery, no visible rust, very minor dings in the body in a couple spots, passenger mirror cracked, windshield has one small rock chip, LT245/75r16 tires-weather checked-need replaced. This pickup has been stored since 2007. July 14 UPDATE: The pickup now RUNS. The fuel pump, fuel tank and fuel filter have all been replaced. The pickup starts and seems to sound fine. There is a vibration when driving under 40 mph but not at higher speeds. Since the tires are old, cupped and likely out of balance this is likely part of the vibration problem. The air conditioner works but only on the HIGH fan setting. Fan doesn't work at all on the slower settings. The radio does not work. VIN: 2FTRF18272CA40458
