

Sale Name: 2021 PLA August Online Auction

LOT 55 - 1998 Jayco 263RK 5th Wheel Camper

Description

Dinette & couch convert to beds, Electric refrigerator, air conditioning and electric water heater all work good. Current owner never used the furnace or the gas for the water heater & refrigerator, so have no idea to the functionality of those items as it relates to using them on propane setting. The roof has been patched and slide-out motor is burned out. Slide must be cranked in and out by hand. Owner believes slide needs adjusted also. Previous owners had a water leak in the back and removed the rear exterior panels and rebuilt it. Current owner states the camper is going to need work before it is taken camping. Contact owner with questions: 605-940-8199.
